

# Staying at Layer Marney Tower

## The Tea House

Walter de Zoete, a previous owner of Layer Marney Tower, built the Tea House in 1910. In true Edwardian style, he and his family would wander down from the main house and take tea, whilst admiring the view.

It is now a very comfortable cottage which combines antique furniture with up to date facilities such as Free Sat television. There are two bedrooms; 1 double, 1 twin room, with a dining/sitting room, kitchen, hall and bathroom.
