

Marquee Hire

Leisure Hire Marquees

Leisure Hire have been providing marquees at Layer Marney Tower for over 20 years. A family run company, we've been established in the marquee hire business since 1989. Marquees and their associated products such as linings, lighting, flooring and heating can be supplied throughout the year.

At Layer Marney Tower the marquees are frequently linked to the Gallery to help create an enlarged reception and entrance area. For larger weddings a marquee allows up to 300 people to be seated together and for the Long Gallery to be used for drinks, reception and dancing area. On a warm summer's day the walls can be removed, but for those colder and wetter days we can supply windowed walls so that the stunning courtyard may still be viewed.

We supply high quality carpet in various colours to suit most colour schemes, laid on a wooden sub floor. Lighting can range from traditional chandeliers to contemporary globe lighting or to a more modern LED lighting creating a "night sky effect" in the ceiling. We can offer a silk lining that enhances the interior giving the marquee a warm, intimate effect. Heating is available if required.

Working closely with Layer Marney Tower, all the structures are installed as far in advance as possible, ensuring you time to decorate and add your own personal touches. We would be delighted to discuss your requirements either at Layer Marney Tower or in the comfort of your own home.
