Staying at Layer Marney Tower

The de Zoete Rooms

When you book Layer Marney Tower for a reception you also have the use of the de Zoete Rooms.

This suite is named after the de Zoete family who lived at Layer Marney Tower in the early 20th century and who did much to the house and gardens.

The small entrance hall of the de Zoete Rooms leads to a beautiful bedroom with a four poster bed and a bathroom with walk-in shower, double ended bath and bidet. The hall has the essential supplies for breakfast – coffee, tea, orange juice; fresh bread and cereal. Access is available from 1pm on the day of your wedding, and the rooms are yours until 11am the following morning.

Staying at Layer Marney Tower

Glamping 'Posh Camping'

There are six luxurious tented encampments in the grounds of Layer Marney Tower which are suitable for your more outdoor friends and family. Don't be misled by the term "camping," this really is very posh. Your stay will be under canvas but with wooden floors, running water, flushing loo and some have a hot tub.

Each encampment sleeps 6 in comfortable beds. There are lights powered by batteries, an indoor cooking stove (like the top of an Aga) and an outdoor cooking cart and campfire area.

Flowers

W. Flowers

Beautiful flowers can make a real difference to your wedding day. Selecting a florist is a very personal choice and you will want someone who can listen to your ideas and interpret your wishes. At Layer Marney Tower you can have as many or as few flowers as you like. The Long Gallery is beautiful in its own right but table arrangements, a decorated mantelpiece and a staircase interwoven with greenery can add glory and colour to your day.

You may employ a florist of your own choice, or you may like to contact Wendy Leiper and her daughter Julia of W. Flowers. They have worked at Layer Marney Tower for many years and are full of wonderful, unique and beautiful ideas. Their website is well illustrated: www.wflowers.co.uk

Marquee Hire

Leisure Hire Marquees

Leisure Hire have been providing marquees at Layer Marney Tower for over 20 years. A family run company, we've been established in the marquee hire business since 1989. Marquees and their associated products such as linings, lighting, flooring and heating can be supplied throughout the year.

At Layer Marney Tower the marquees are frequently linked to the Gallery to help create an enlarged reception and entrance area. For larger weddings a marquee allows up to 300 people to be seated together and for the Long Gallery to be used for drinks, reception and dancing area. On a warm summer's day the walls can be removed, but for those colder and wetter days we can supply windowed walls so that the stunning courtyard may still be viewed.

We supply high quality carpet in various colours to suit most colour schemes, laid on a wooden sub floor. Lighting can range from traditional chandeliers to contemporary globe lighting or to a more modern LED lighting creating a "night sky effect" in the ceiling. We can offer a silk lining that enhances the interior giving the marquee a warm, intimate effect. Heating is available if required.

Working closely with Layer Marney Tower, all the structures are installed as far in advance as possible, ensuring you time to decorate and add your own personal touches. We would be delighted to discuss your requirements either at Layer Marney Tower or in the comfort of your own home.

The Maythorn

When you book your wedding reception at Layer Marney Tower you have the use of a 1931 Rolls Royce 20/25 hp four door limousine, with coachwork by Maythorn and Son of Bedfordshire.

The Maythorn is chauffeur driven and can comfortably seat two or three adults in the main rear seat. It can also seat a further three children or adults using the two occasional seats and chauffeur's compartment. We strongly recommend that your journey time is limited to 30 minutes or a 20 mile radius of Layer Marney Tower.

If you decide to have both your ceremony and reception at Layer Marney Tower, you can enjoy a short drive in the time available between events. Upon your return you will be greeted by your guests for your reception.

With uniformed chauffeur and conservative yet well proportioned coachwork, the Maythorn offers a unique opportunity to enjoy the very best of the past. The magnificent coachwork is finished in black over red, with the Spirit of Ecstasy gracing the famous Rolls Royce Radiator. There is red cloth upholstery to the rear, and black leather to the chauffeur's compartment. A sliding glass partition isolates the chauffeur, though communication may also be conducted through the intercom.

Considered by many as the jewel of pre war Rolls Royce models, the 20/25 hp uses the 3669cc cross flow version of the Rolls Royce six-cylinder overhead-valve engine. The resulting ride combines smoothness, silence and a small degree of performance. In the earlier days of motoring it was customary for the bodywork of a vehicle to be completed by a different company to that which built the running gear. The chassis for this motor was built by Rolls Royce in November 1930 for £1,185, and was despatched on November 25th by LNE goods train to Maythorns. Final tests on the finished car was conducted on the 14th January at Maythorns. Sir Julian Cahn, from near Loughborough, was the first owner of this vehicle. There were a host of additional fittings detailed, which in all brought the price of the car up to £1739-16s-0d.

Transport

The Routemaster

Layer Marney Tower is pleased to offer the use of an original red London Transport Routemaster bus – RML 2398. Whether it is for friends and family coming to a wedding, delegates coming to a conference, or a society going on a magical mystery tour, there is now a way to travel together and travel in style.

With smart Layer Marney Transport livery and finished in iconic London Transport red, guests will be able to enjoy the journey to Layer Marney Tower, chatting together and with no worries about taking a wrong turning or not turning up on time. No parking problems, no drink driving problems and peace of mind for non driving guests: the advantages are numerous.

Typically, the Routemaster will collect guests from up to two locations and then come on to Layer Marney Tower. If you are having a wedding at a church then guests may be collected from one pick up point, taken to the church and then driven onto Layer Marney Tower. The top speed of a Routemaster is a modest 40mph, so we recommend pick up points such as hotels, railway stations or houses within a 20 mile radius of Layer Marney Tower.

For the typical journey outlined above, the charge for hiring the Routemaster in 2017 and 2018 will be £400, payable on booking. We will be delighted to provide a quotation for alternative types of journey.

At the end of the evening guests may return using taxis, minibuses or a modern coach. We have details of many local companies and will be pleased to put you in touch with them. Alternatively, for an additional £200, we will return your guests to two local destinations of your choice, with the Routemaster departing from Layer Marney Tower not later than 12.30am. Please be aware that late night winter journeys on the Routemaster will be a little chilly!

If you would like to hire the Routemaster please telephone 01206 330784 to discuss your requirements and availability.

Ceremony & Reception: Things you might like to know

We are delighted you have booked Layer Marney Tower for your wedding ceremony and reception. If there is anything you want to ask us, please ring. It helps us to make sure that things run smoothly if you keep us informed of your plans. You are welcome to come over and look at the Corsellis Room and the Long Gallery to help with your planning, but please could you let us know in advance when you are coming, as it causes great embarrassment if another event is going on at the same time. Below are some answers to questions we are frequently asked.

Access & Timing

The Corsellis Room is open one hour before your ceremony starts. Our Supervisor is on hand to welcome guests and to make sure everything runs smoothly. Please arrive on time as the Registrars may have other weddings to attend at a different venue.

Music finishes at midnight and guests must depart by 12.30am.

Florists

For the reception florists may come in on the morning of the wedding from 9am onwards. Access to the Corsellis Room is available 1 hour before the ceremony. If you want to collect your flowers after the wedding, or if your florist has pedestals etc, to take back, please make sure they are collected by 11am the following day.

Fireworks

Fireworks may be let off, but you must use Dynamic Fireworks (01206 762123) who are based in Colchester. They do a range of displays to suit most budgets. Fireworks must be let off by 10pm.

Damage Deposit

The Damage Deposit payment is banked before the wedding and refunded by bank transfer within 7-10 days of the wedding taking place. Please provide us with your bank details where indicated on the hire agreement form so we may make a transfer by BACS.

Delivery of Drinks & Cakes

Drinks and cakes may be delivered beforehand. Please ring either ourselves or Bouquet Garni, and let us know when you want to deliver and we will find a place to store them.

Taxis

Taxis should be booked for 12.15am latest, as they don't always arrive as promptly as they suggest they will!

Absolute No-No's

Please do not have helium balloons as they have a habit of floating on the ceiling, to become the unwanted decoration of another event!

Please do not throw confetti outside or in the Corsellis Room. It may be thrown in the Long Gallery. Photographers tend to be the people who want it outside. Please resist them, as it is rubbish the next day, and spoils the garden for everyone else.

The swimming pool area is out of bounds.

Thank you for your co-operation.
